

Avalon Gifts Shipping Policy

Processing time

All orders are processed and shipped as quickly as possible, typically between 5-7 business days. Processing time depends on the type and quantity of items ordered; while we strive to ship orders quickly, some items, especially custom orders and specialty items, will require more time. If you have questions about processing time, please email Avalongiftsmn@gmail.com prior to placing your order.

Shipping options

We ship using USPS priority mail flat rate shipping. The rates charged for the shipping of your order are based on the total weight of your product order. Shipping rates are subject to change based on current carrier rates and seasonal charges. Although we are not responsible for any increases, we make every effort to minimize the effects on our customers.

Do you ship outside the USA?

We can make arrangements for international shipping on a case-by-case basis; shipping charges for international shipping will be determined and approved via email between buyer and seller prior to shipping. Additional charges, above standard shipping, will be charged separately.

Order Tracking

If you provide an email during check-out, your tracking number will be sent to the email address you provided shortly after shipping. You will be able to track the order by accessing the USPS website tracking feature.
